(4 modules)

International Modules - mandatory courses

International Modules - optional courses

Academic Writing and Presenting for Non-Native German Speakers

Module name (EN): Academic Writing and Presenting for Non-Native German Speakers
Degree programme: International Modules, Bachelor, ASPO 01.04.2017
Module code: INTB-103
Hours per semester week / Teaching method: 2U (2 hours per week)
ECTS credits: 2,5
Semester: according to optional course list
Mandatory course: no
Language of instruction: German
Assessment: essay (50 %) + short presentations and writing assignments (50%)
Curricular relevance: INTB-103 International Modules, Bachelor, ASPO 01.04.2017, optional course
Workload: 30 class contact hours over a 15-week period. The total student study time is 75 hours (equivalent to 2.5 ECTS credits). There are therefore 45 hours available for class preparation and follow-up work and exam preparation.
Recommended prerequisites (modules): None.

Recommended knowledge:

German language proficiency at Level C1 (CEFR)

Available for international students only (with university entrance qualifications from outside Germany).

[updated 12.03.2018]

Recommended as prerequisite for:**Module coordinator:**

Prof. Dr. Andy Junker

Lecturer:

Tina Flauder, M.A.

[updated 12.03.2018]

Learning outcomes:

Students acquire knowledge about the requirements of academic writing in the context of Bachelor level studies. Based on the theoretical foundation the students train their writing skills by practical exercises on academic topics. In addition, students will learn to present scientific content in an appropriate manner.

[updated 12.03.2018]

Module content:

- Gathering information and assessing sources
- Citing, paraphrasing, and referencing other people's research properly
- Understanding the function of the different parts of a scientific paper
- Structuring papers, i.e. writing effective introductions, methods, results/discussions and conclusions
- Writing clearly and concise
- Planning and organizing academic writing, time management
- Self-correction and proof reading
- Preparing and presenting scientific content orally
- Tips for successful academic paper presentations and writing styles for discussing data, graphs and tables
- Relevant grammar and language structures of academic writing

[updated 12.03.2018]

Teaching methods/Media:

- Lecturer presentations
- Individual writing with assistance and correction
- Panel and group discussions
- Individual tutoring

A variety of educational resources are used while taking account of the particular learning practices of the target group.

[updated 12.03.2018]

Recommended or required reading:

The course materials and a recommended reading list will be made available to participants.

The Campus+ learning platform is also used for grammar and structures.

[updated 12.03.2018]

Business German

Module name (EN): Business German
Degree programme: International Modules, Bachelor, ASPO 01.04.2017
Module code: INTB-202
Hours per semester week / Teaching method: 2U (2 hours per week)
ECTS credits: 2,5
Semester: according to optional course list
Mandatory course: no
Language of instruction: German
Assessment: written examination 90 minutes (50 %) + presentation (20%) + homework and tests (30%)
Curricular relevance: INTB-202 International Modules, Bachelor, ASPO 01.04.2017, optional course
Workload: 30 class contact hours over a 15-week period. The total student study time is 75 hours (equivalent to 2.5 ECTS credits). There are therefore 45 hours available for class preparation and follow-up work and exam preparation.
Recommended prerequisites (modules): None.
Recommended knowledge: German language proficiency at Level B2/C1 (CEFR) Available for international students only (with university entrance qualifications from outside Germany). [updated 18.04.2017]
Recommended as prerequisite for:

Module coordinator:

Prof. Dr. Andy Junker

Lecturer:

Tina Flauder, M.A.

[updated 18.04.2017]

Learning outcomes:

- Review and consolidate structures and vocabulary of the target language, extending these to cover specifically vocational and business-oriented topics
- Develop skills required to understand and produce written and spoken German as used in general professional contexts.

[updated 18.04.2017]

Module content:

- Current topics in a profession context
- Specialist vocabulary, job-related expressions and grammatical structures
- Business phone calls and email correspondence
